

STRATEGIC TECHNOLOGY CONCEPTS JOINS PMTA

West Chester, PA, August 9, 2010- Strategic Technology Concepts, LLC (STC) is pleased to announce their new membership to [Pennsylvania Motor Truck Association \(PMTA\)](#). Strategic Technology Concepts supports the vital role Pennsylvania's infrastructure plays in moving goods and services across the state and nation. Each business day, trucks transport more than 1.2 million tons of goods in and out of Pennsylvania. One out of eleven workers in Pennsylvania work in the trucking industry- the fourth largest employer in the state.

PMTA has provided Pennsylvania's trucking industry with a place to promote business since 1930. Pennsylvania Motor Truck Association has eight chapters in the state to serve the 67 counties and 2,567 municipalities. PMTA offers its members with lobbying and money saving services, safety consulting and programs, seminars, workshops, ATA affiliation, industry networking and reliable motor transportation industry news.
